**NEW HAMPSHIRE DEPARTMENT OF ENERGY
FY 2025 ASSESSMENT**

Overview

The Fiscal Year 2025 assessment was calculated in accordance with RSA Chapter 362 - Definition of Terms, Utilities Exempted, and RSA Chapter 363-A - Expenses of the Department of Energy, the Adjudicative Commissioners - Public Utilities Commission, and against Certain Utilities for the Office of the Consumer Advocate, as amended.

The assessment was calculated by first reducing the Department of Energy (Department) and the Public Utilities Commission (PUC) estimated expenses for FY 2025 (July 1, 2024, through June 30, 2025) by the amount of direct and minimum assessments to be collected pursuant to RSA 363-A:2. The following direct and minimum assessments were used:

Direct Assessments

Competitive Suppliers	\$10,000.00
Aggregators	\$2,000.00
Telecommunications Carriers	\$1,000.00

Minimum Assessments

ELEC & VoIP	\$1,000.00	(for revenue of less than \$241,673 after 33% adjustment)
-------------	------------	---

Next, gross New Hampshire revenue for each assessed entity that did not fall under the minimum or direct assessment categories were totaled. Electric and gas supplier revenue was then totaled, as well, and imputed to electric and gas distribution companies, respectively. Finally, revenue of certain companies was adjusted to 33 percent of their total in accordance with RSA 363-A:2, as amended. All companies whose gross revenue was used for the assessment calculation were assessed \$ 0.004096164 per dollar for the Department of Energy and if applicable, \$ 0.000388773 for the Office of the Consumer Advocate as shown below:
