***RE: Request for Withdrawal of Atlas Commodities II Retail Energy, LLC from the
New Hampshire Department of Energy, Docket Numbers REG 2022-095 and
DM 19-003.***

Electric
Ex: 11/10/24

To the Executive Director:

In accordance with Rules Puc 2000 and 3000, N.H. Code Admin, Atlas Commodities II Retail Energy, LLC ("Atlas") hereby requests withdrawal of its CEPS and CNGS registrations with the New Hampshire Department of Energy with immediate effect.

Atlas is submitting this request due to the purchase agreement entered into between Atlas and Priority Power Management, LLC ("Priority"), which became effective in July 2023. Under the agreement, Atlas has transferred all eligible contracts and customer relationships to Priority. As a result, Atlas will no longer be operating in the State of Connecticut.

As Atlas does not currently have customers, we have not distributed customer notifications.

If further information is required regarding this filing or if there are any questions, please don't hesitate to reach out.

Respectfully,

Benita Fields Land
General Counsel
