RE: Fidelity Energy Group, LLC - Non-renewal Electric Aggregator Application

Dear Mr.Griffin:

On September 10, 2023, Fidelity Energy Group's electric registration to conduct business in the State of New Hampshire expired. As no renewal electric registration was received within 60 days prior to the registration expiration, Fidelity Energy Group, LLC is no longer authorized to conduct electric aggregation business in the State of New Hampshire.

Should you have an interest in resuming business as an aggregator of electric and/or natural gas supply service in New Hampshire, a registration application compliant with N.H. Code of Administrative Rules Puc 2003.05 (electric) and/or Puc 3003.05 (natural gas) must be submitted along with a \$250 application fee. Until such time as a new registration application is received and approved, Gold Star Energy shall not market to, make legally binding offers to, or enroll any New Hampshire customers.

Effective July 1, 2021, regulatory responsibility for competitive retail suppliers and aggregators of electric and natural gas supply transferred from the N.H. Public Utilities Commission to the N.H. Department of Energy. Should you have any questions, please contact me via email at [registrations@energy.nh.gov](mailto:registrations@energy.nh.gov), by phone at 603-271-3670, or by U.S. Mail at the New Hampshire Department of Energy, 21 South Fruit Street, Suite 10, Concord, NH 03301.

Sincerely,

A handwritten signature in blue ink that reads "Gary Cronin".
