

STATE OF NEW HAMPSHIRE
DEPARTMENT OF ENERGY

INV 2023-002

**Investigative Proceeding Relative to Compensation of Energy Storage Projects for
Avoided Transmission and Distribution Costs**

Procedural Order Rescheduling Stakeholder Session

On June 23, 2023, the Department of Energy (Department) issued an Order of Notice opening this proceeding to investigate how to compensate energy storage projects for avoided transmission and distribution costs while the energy storage projects also participate in wholesale energy markets. The Order of Notice also scheduled a virtual stakeholder session on July 27, 2023, at 9 a.m. Due to a scheduling conflict with a docket before the Public Utilities Commission on July 19, 2023, the Department rescheduled the stakeholder session to August 17, 2023, at 10 a.m. Due to further scheduling conflicts, the Department again reschedules the virtual stakeholder session to a date to be determined. Participants will be notified in the coming weeks of the rescheduled date.

Based upon the foregoing, it is hereby

ORDERED, that the virtual stakeholder session scheduled to be held by the Department on August 17, 2023, at 10:00 a.m is hereby cancelled; and it is

FURTHER ORDERED, a copy of this order shall be posted on the Department's website no later than August 16, 2023.

So ordered, this 16th day of August, 2023.

Jared S. Chicoine
Commissioner
