RFP #2024-016

NEW HAMPSHIRE DEPARTMENT OF ENERGY

REQUEST FOR PROPOSALS

WATER SYSTEMS ENGINEER CONSULTANT

	Questions	Answers
1.	Can the various insurance requirements associated with Form P-37 General Provisions Paragraph 14 (Insurance) be waived for a sole individual contracting in his/her own name with no employees, given the nature of the work (see also second full paragraph on page 13 of 14 of the RFP)? If not, is a commercial general liability policy (\$2,000,000 aggregate, \$1,000,000 per occurrence) adequate?	The Department will not waive the requirement that a vendor provide insurance. A commercial general liability policy (\$2,000,000 general aggregate, \$1,000,000 per occurrence) satisfies the requirements of Paragraph 14.
