

September 1, 2023

Hello Jodi,

I received your question survey and will answer them. My question is if the state has reallocated funds. I have the solar installed and running and when we turned the system on in July we were told the state of NH had run out of rebate funds. That will affect the monthly payments of the system. Because the rebate funded was to be put on the principal. If not the monthly payment is to change and increase.

Please ask for more funds. We signed up with this and you were funded. Now we are told you ran out. What am I to do. We are two seniors and I live on a fixed income and expected the funding would be there.

Please advise if this 74 year old has to go back to work and no body wants to hire me because of my age.

Sincerely

Richard Pickwick
