Portland, ME 04104

Re: RPS 2024-001, EHNS Partners, Registration for Celia Raymond, P.E. as an Independent Monitor of Class I, Class I-Thermal, Class II, Class III, and Class IV Renewable Energy sources.

Dear Ms. Raymond:

On December 9, 2024, the Department of Energy (DOE) received an application from EHNS Partners requesting that Celia Raymond, P.E., be approved as an independent monitor for the above-named renewable energy sources. As an independent monitor, Ms. Raymond will be authorized to verify energy production for New Hampshire-based sources qualifying for Class I, Class I-Thermal, Class II, Class III, and Class IV renewable energy certificates.

Staff has reviewed the application and has concluded that it meets the requirements for certification, inasmuch as Ms. Raymond is a licensed professional engineer and in good standing in the State of New Hampshire, in accordance with Puc 2505.10(c)(2).

Based on staff review, the DOE has determined that the application meets the requirements for Ms. Raymond to be certified as an independent monitor for renewable energy production pursuant to N.H. Code Admin Rules Puc 2505.10. Accordingly, Ms. Raymond is certified to serve as an independent monitor of renewable energy production in New Hampshire effective as of the date of this letter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jared Chicoine".

Jared Chicoine
