Re: Conditional Approval Confirmation of Final Proposal 2024-28

Dear Commissioner Chicoine:

At its meeting on August 15, 2024, the Joint Legislative Committee on Administrative Rules (Committee) voted, pursuant to RSA 541-A:13, V(a), to conditionally approve Final Proposal 2024-28 of the Department of Energy (Department) containing En 800 on rules for the underground utility damage prevention program. The Committee's approval was conditioned on amending Final Proposal 2024-28 as specified in the Department's amended conditional approval request dated August 1, 2024.

On August 19, 2024, our office received your written response indicating how Final Proposal 2024-28 was amended in accordance with the conditional approval. We have reviewed the explanation pursuant to RSA 541-A:13, V(a), and we have determined that Final Proposal 2024-28 has been amended in accordance with the conditional approval and RSA 541-A:13, V(a). Therefore, you may now adopt and file the rules in Final Proposal 2024-28, as amended.

If you have any questions concerning the provisions of RSA 541-A relative to responses or adoptions, please contact me at rebecca.ricard@leg.state.nh.us.

Sincerely,
