Hello,

I will not be renewing my licenses as they should have been closed out last year in 2022 as I sold my book of business and am working for another company now. Trusted Energy is still my company but is not in operation currently but I would like to keep the door open should I decide to pursue sales again in the future under the Trusted Energy LLC mantel.

Please verify with me that I no longer have any active licenses in NH as there should not be any active licenses anymore.

Thank you,

Nathan
